## Annex A Guide – NHS fraud, bribery and corruption: dos and don'ts

## **1 Introduction**

### **1.1 General**

- 1.1.1 Yeovil District Hospital NHS Foundation Trust is committed to maintaining honesty and integrity in all of its activities. It is also committed to the prevention of fraud, bribery and corruption within Yeovil District Hospital NHS Foundation Trust and to the rigorous investigation of any such allegations. This policy is endorsed by senior management and the Trust's Audit Committee.
- 1.1.2 Yeovil District Hospital NHS Foundation Trust wholly endorses the NHS Protect strategy towards the elimination of any fraud within the National Health Service (NHS) and will seek to apply appropriate criminal, disciplinary, regulatory and civil sanctions against fraudsters and where possible will attempt to recover any identified losses.
- 1.1.3 Yeovil District Hospital NHS Foundation Trust wishes to encourage anyone that has reasonable suspicions of fraud to report them. All employees, patients and contractors can be confident that they will not suffer in any way as a result of reporting reasonably held suspicions of fraud. For these purposes "reasonably held suspicions" shall mean any suspicions other than those which are raised maliciously and found to be groundless.
- 1.1.5 Yeovil District Hospital NHS Foundation Trust has approved a "Whistle blowing Policy" in accordance with the Public Interest Disclosure Act 1998. Under the terms of this Act, a member of staff is protected if they act reasonably and responsibly.

### **1.2 Aims and objectives**

- 1.2.1 This anti-fraud, bribery and corruption policy is intended to ensure that employees, patients and contractors are aware of the correct reporting requirements and of the actions the organisation will take to counter fraud, bribery and corruption. The policy is also intended to ensure that fraud, bribery and corruption is recognised and reported by employees, patients and contractors who are aware of their responsibility to safeguard NHS funds.

### **1.3 Scope**

- 1.3.1 This document is intended to provide direction and help to those officers and directors of Yeovil District Hospital NHS Foundation Trust who become aware of fraud, bribery or corruption against the NHS. This document is not intended to provide direction on prevention of fraud.
- 1.3.2 The policy will apply to all employees, contractors, consultants, vendors and other internal and external stakeholders.

## **2 Definitions**

### **2.1 NHS Protect**

- 2.1.1 Crime against the NHS can seriously undermine its effectiveness and ability to deliver healthcare services. NHS Protect has responsibility for all policy and operational matters relating to the prevention, detection and investigation of fraud, bribery and corruption in the NHS. It also has a responsibility to ensure that any

investigations are conducted in accordance with NHS Protect guidance document 'Tackling crime against the NHS: A strategic approach'.

## 2.2 Fraud

2.2.1 Fraud is defined as: A dishonest act (or a failure to act) made with the intention of making a financial gain or causing a financial loss (or risk of loss).

2.2.2 The dishonest act does not need to be successful for fraud to be committed, as long as the intention exists. Neither does the financial gain have to be personal, but can be for the benefit of another. Where the intent is to cause a loss to the organisation, no gain by the perpetrator needs to be shown.

2.2.3 Petty theft, without the distortion of financial statements or other records, will normally be dealt with by the Local Counter Fraud Specialist and reported to the Police. However, where an employee abuses their position to misappropriate cash or other Trust income this may be considered to be fraud and dealt with under this policy.

2.2.4 The Fraud Act 2006 is the relevant legislation. The Act includes eight separate offences; those most applicable to the NHS and this policy are:

- **Fraud by false representation** - is defined by Section 2 of the Act. A person may be guilty of an offence if he dishonestly makes a false representation, and intends, by making the representation to make a gain for himself or another, or to cause loss to another or to expose another to a risk of loss. For example, an employee claiming travel expenses for journeys they have not done.
- **Fraud by failing to disclose information** - is defined by Section 3 of the Act. A person may be guilty of an offence if he dishonestly fails to disclose to another person information which he is under a legal duty to disclose, and intends, by failing to disclose the information to make a gain for himself or another, or to cause loss to another or to expose another to a risk of loss. For example, failing to disclose criminal convictions when asked to do so as part of the recruitment process, in order to obtain employment.
- **Fraud by abuse of position** - is defined by Section 4 of the Act. A person may be guilty of an offence if he occupies a position in which he is expected to safeguard, or not to act against, the financial interests of another person, dishonestly abuses that position, and intends, by means of the abuse of that position to make a gain for himself or another, or to cause loss to another or to expose another to a risk of loss. For example, a manager creating ghost employee's and paying the salaries into his/her own bank account.
- **Possession of articles for use fraud(s)** - is defined by Section 6 of the Act. A person may be guilty of an offence if he has in his possession or under his control any article for use in the course of or in connection with any fraud. For example, using a false passport or other documentation to secure employment.
- **Making or supplying articles for use in fraud(s)** - is defined by Section 7 of the Act. A person may be guilty of an offence if he makes, adapts, supplies or offers to supply any article knowing that it is designed or adapted for use in the course of or in connection with fraud, or intending it to be used to commit, or assist in the commission of, fraud. For example, producing a prescription in a patient's name

with the intention of obtaining drugs and retaining them for personal use, or supplying them to another.

## **2.3 Bribery and corruption**

2.3.1 The Bribery Act 2010 is the relevant legislation. The Act creates a number of criminal offences and those most applicable to the NHS and this policy are:

2.3.2 **Offence of bribing another person** - is defined by section 1 of the Act. It is also an offence for a person to offer, promise, or give a bribe to another person as an inducement for them improperly performing any duty. For example, providing excess hospitality to a potential purchaser or commissioner of the organisation's services.

2.3.3 **Offence of being bribed** - is defined by section 2 of the Act. It is an offence for a person to request, or agree to receive, or accept a financial or other advantage as an inducement to, or as a reward for, the improper performance of any function or activity. For example, where an employee who sells confidential information to a third party or provides preferential treatment to suppliers or patients for a fee.

2.3.4 **Failure of a commercial organisation to prevent bribery** – is defined within section 7 of the Act. If an individual bribes another person to obtain or retain business, or an advantage in the conduct of business for an organisation, then that organisation may also be guilty of an offence. For example, if an NHS Trust fails to put adequate controls in place to prevent bribery and an employee offers a bribe to a commissioning CCG.

2.3.5 A "financial or other advantage" has a wide meaning and could include holidays or entertainment, contracts, non-monetary gifts and offers of employment etc.

2.3.6 A "relevant function or activity" covers "any function of a public nature; any activity connected with a business, trade or profession; any activity performed in the course of a person's employment; or any activity performed by or on behalf of a body of persons whether corporate or unincorporated".

2.3.7 The conditions attached are that the person performing the function should be expected to perform it in good faith or with impartiality, or that an element of trust attaches to that person's role.

2.3.8 Activity will be considered to be "**improperly**" performed when there is a breach of good faith, impartiality or a position of trust.

2.3.9 The standard in deciding what would be expected is what a reasonable person in the UK might expect of a person in such a position.

2.3.10 Any concerns about bribery should be referred to the Local Counter Fraud Specialist.

## **3 Roles and responsibilities**

### **3.1 Chief Executive**

- 3.1.1 The Chief Executive has the overall responsibility for funds entrusted to the organisation as the Accountable Officer. The Chief Executive must ensure adequate policies and procedures are in place to protect the organisation and the public funds entrusted to it from instances of fraud, bribery and corruption.

### **3.2 Board of Directors**

- 3.2.1 The board of directors (or equivalent management body) should take overall responsibility for the effective design, implementation and operation of the anti-bribery and corruption initiatives. The board should ensure that senior management is aware of and accepts the initiatives, and that they are embedded in the corporate culture.

### **3.3 Chief Finance and Commercial Officer (CF&CO)**

- 3.3.1 The CF&CO (or equivalent officer) is provided with powers to approve financial transactions initiated by directorates across the organisation.
- 3.3.2 The CF&CO prepares, documents, and maintains detailed financial procedures and systems that incorporate the principles of separation of duties and internal checks to supplement those procedures and systems.
- 3.3.3 The CF&CO will report annually to the Board and the Council of Governors on the adequacy of internal financial control and risk management as part of the Board's overall responsibility to prepare a statement of internal control for inclusion in the organisation's annual report.
- 3.3.4 All anti-fraud, bribery and corruption work within the organisation is directed by the CF&CO. The CF&CO shall be responsible for operational matters such as authorising the investigation of alleged fraud, interviews under caution and the recovery or write-off of any sums lost to fraud.
- 3.3.5 The CF&CO will inform the Local Counter Fraud Specialist of any incidents where fraud, bribery or corruption is suspected within the organisation. Depending on the outcome of initial investigations, the CF&CO shall inform and consult the Chief Executive and appropriate senior management in cases where there may be a material loss due to fraud, bribery or corruption, or where the incident may lead to adverse publicity.
- 3.3.6 A decision on whether to refer the matter to the Police (or another agency), seek Police assistance or to commence criminal proceedings will be made with the agreement of the CF&CO, the Local Counter Fraud Specialist and the NHS Protect Area Anti-Fraud Specialist.

### 3.4 Internal and external audit

- 3.4.1 The role of internal and external audit includes reviewing controls and systems and ensuring compliance with financial instructions. They have a duty to pass on any suspicions of fraud, bribery or corruption to the Local Counter Fraud Specialist (LCFS).

### 3.5 Human Resources (HR)

- 3.5.1 Human Resources staff play a vital part in identifying and reporting incidents of suspected fraud, bribery and corruption.
- 3.5.2 Criminal and disciplinary processes have different purposes, different standards of proof, and are governed by different rules. As such, it would not be appropriate for one investigation to cover both criminal and disciplinary matters. However, a disciplinary enquiry can proceed in parallel with a criminal investigation as long as there is close co-operation between Human Resources staff; the organisation's investigating officer and the LCFS.
- 3.5.3 A criminal investigation seeks to establish the facts in relation to a suspected criminal offence. Investigators are bound by rules of evidence, including the Criminal Procedure and Investigations Act 1996 (CPIA) and the Police and Criminal Evidence Act 1984 (PACE) and Codes of Practice. **Guilt in a criminal prosecution must be proved 'beyond reasonable doubt'**.
- 3.5.4 The purpose of a disciplinary investigation is to establish the facts of the case, i.e. to ascertain whether there is a reasonable belief that the alleged misconduct has occurred; whether the employee has any explanation for the alleged misconduct; and whether there are any special circumstances to be taken into account. Disciplinary investigations and ensuing proceedings must adhere to the Advisory, Conciliation and Arbitration Services (ACAS) Code of Practice on Disciplinary and Grievance Procedures, as well as any local HR policies.
- 3.5.5 The NHS Protect approach to pursuing sanctions in cases of fraud, bribery and corruption is that the full range of possible sanctions – including criminal, civil, disciplinary and regulatory – should be considered at the earliest opportunity, and any or all of these may be pursued where and when appropriate. The consistent use of an appropriate combination of investigative processes in each case demonstrates an organisation's commitment to take fraud, bribery and corruption seriously and ultimately contributes to the deterrence and prevention of such actions.
- 3.5.6 It is not unusual for the criminal and disciplinary processes to overlap. For example, an employee who is being investigated for suspected fraud may also be the subject of disciplinary proceedings by their employer arising out of the same set of circumstances.
- 3.5.7 In the case of parallel criminal and disciplinary processes, these should be conducted separately, but there needs to be close liaison between the Local Counter Fraud Specialist and the HR functions since one process may impact on the other. This may include the sharing of information where lawful and at the appropriate time.
- 3.5.8 A joint working protocol has been established and agreed between the Local Counter Fraud Specialist and Director of Human Resources. The protocol indicates the

responsibilities of specific individuals; the frequency of liaison meetings; and specific interaction points during parallel investigations. Support and oversight is provided by the CF&CO and senior management as required to ensure this is implemented effectively.

### **3.6 Local Counter Fraud Specialist (LCFS)**

- 3.6.1 The Local Counter Fraud Specialist is responsible for tackling fraud, corruption and bribery affecting Yeovil District Hospital NHS Foundation Trust, in accordance with national NHS Protect standards. Adherence to NHS Protect standards is important to ensure that Yeovil District Hospital NHS Foundation Trust have appropriate anti-fraud, bribery and corruption measures in place. The LCFS will look to achieve the highest possible standards and will report directly to the Chief Finance and Commercial Officer and at least annually to the Audit Committee.
- 3.6.2 The LCFS will work with key colleagues and stakeholders to promote anti-fraud work, conduct risk assessments, apply effective preventative measures and investigate allegations of fraud and corruption.
- 3.6.3 The LCFS will ensure that the NHS Protect case management system, FIRST, is used to record all allegations of suspected fraud, bribery and corruption, and to provide information to inform national intelligence.
- 3.6.4 The LCFS will use FIRST to support and progress the investigation of fraud, bribery and corruption allegations, in line with NHS Protect guidance.
- 3.6.5 The LCFS will follow NHS Protect guidance, as set out in the NHS anti-fraud manual and current case acceptance criteria, in supporting the investigation of all allegations of fraud, bribery and corruption. The LCFS will ensure that relevant legislation, such as the Police and Criminal Evidence Act 1984 and the Criminal Procedure and Investigations Act 1996, is adhered to.
- 3.6.6 The LCFS will complete witness statements that satisfy the NHS Protect training model and best practice, and follow national guidelines approved by the Crown Prosecution Service.
- 3.6.7 The LCFS will ensure that interviews under caution are conducted following the NHS Protect training model, and in line with the National Occupational Standards (CJ201.2) and the Police and Criminal Evidence Act 1984.
- 3.6.8 The LCFS will develop and deliver a comprehensive risk based anti-fraud work plan in compliance with all relevant NHS Protect standards for fraud, bribery and corruption. The anti-fraud work plan will address the following four areas:

**Strategic Governance** – Work relating to the organisation’s strategic governance arrangements. The aim is to ensure that anti-crime measures are embedded at all levels across the organisation.

**Inform and Involve** – Work in relation to raising awareness of fraud, bribery and corruption risks against the NHS and working with NHS staff, stakeholders and the public to highlight the risks and consequences of such crime against the NHS.

**Prevent and Deter** – Work to discourage individuals who may be tempted to commit crimes against the NHS and ensuring opportunities for crime to occur are minimised.

**Hold to Account** - Work to detect and investigate crime, prosecuting those who have committed crimes and seeking redress.

### **3.7 Area Anti-Fraud Specialists**

- 3.7.1 The regional Area Anti-Fraud Specialist (AAFS) is the main operational contact at NHS Protect for an LCFS and can provide help, support, advice and guidance to CF&CO's, LCFSSs, Audit Committees and other stakeholders. The AAFA can also advise on actions taken throughout a fraud investigation. In particular, the AAFS should be consulted when a decision is made to pursue sanctions against an individual who is suspected of committing fraud and must approve any onward case referral (CFS13 process) for prosecution.
- 3.7.2 Area Anti-Fraud Specialists are responsible for the allocation, supervision and monitoring of all fraud referral and notifications to the LCFS. This includes the management and vetting of all local investigation case papers, evidence and witness statements that are submitted for the consideration of prosecutions.
- 3.7.3 The AAFS should also be consulted whenever there is any conflict between the LCFS and the organisation regarding a course of action.
- 3.7.4 Area Anti-Fraud Specialists ensure that local investigations are conducted within operational and legislative guidelines to the highest standards for all allegations of fraud in the NHS. They provide help, support, advice and guidance to CF&CO's, Local Counter Fraud Specialists, Audit Committees and other key stakeholders in their region.
- 3.7.5 The AAFS allocates, supervises and monitors fraud referrals and notifications to the LCFS. The AAFS provides support as to the direction of investigations as required, and oversees the LCFS's performance.
- 3.7.6 The AAFS ensures that all information and intelligence gained from local investigative work is reported and escalated as appropriate at both local and national level in order to ensure that fraud trends are mapped and used to fraud-proof future policies and procedures.

### **3.8 Managers**

- 3.8.1 All managers are responsible for ensuring that policies, procedures and processes within their local area are adhered to and kept under constant review.
- 3.8.2 Managers have a responsibility to ensure that employees are aware of fraud, bribery and corruption and understand the importance of protecting the organisation from it. Managers will also be responsible for the enforcement of disciplinary action for staff who do not comply with policies and procedures.
- 3.8.3 Any instances of actual or suspected fraud, bribery or corruption brought to the attention of a manager should be immediately reported to the LCFS or via the national Fraud and Corruption Reporting Line (FCRL).
- 3.8.4 The NHS FCRL can be contacted on 0800 028 40 60, or alternatively, fraud can be reported confidentially online at [www.reportnhsfraud.nhs.uk](http://www.reportnhsfraud.nhs.uk). These reporting methods are not intended to replace existing local reporting lines, rather to provide a way for those who feel unable to use them.

- 3.8.5 It is important that managers do not investigate any suspected financial crimes themselves.
- 3.8.6 Managers will promptly provide support and information to the LCFS to enable them to carry out their duties. In particular, managers and their staff will co-operate with, and participate in, activities at the request of NHS Protect and the LCFS, including the implementation of national anti-fraud, bribery and corruption measures. Managers will also ensure that employees adhere to guidance provided in intelligence alerts, bulletins and local warnings issued by NHS Protect and the LCFS.
- 3.8.7 Managers will proactively identify and report any system weaknesses that could facilitate fraud, bribery or corruption.

### **3.9 All employees**

- 3.9.1 All employees are required to comply with the policies and procedures of Yeovil District Hospital NHS Foundation Trust and apply best practice in order to prevent fraud, bribery and corruption. All employees have a responsibility to protect NHS resources from such crimes.
- 3.9.2 Employees who are involved in, or manage, internal control systems should ensure that they receive adequate training and support in order to carry out their responsibilities.
- 3.9.3 If an employee suspects that fraud, bribery or corruption has taken place, they should ensure it is reported to the LCFS and/or using the other reporting methods explained section 4 and Annex A of this policy.
- 3.9.4 Under no circumstances should a member of staff speak or write (including email) to representatives of the press, TV, radio, or to another third party, about suspected fraud, bribery or corruption. The established lines of reporting concerns to either the CF&CO, LCFS or via the Fraud and Corruption Reporting Line should be used and staff can be reassured that all allegations will be investigated.

### **3.10 Information management and technology**

- 3.10.1 The Computer Misuse Act became law in 1990; the Act identifies three specific offences:
1. Unauthorised access to computer material.
  2. Unauthorised access with intent to commit or facilitate commission of further offences.
  3. Unauthorised acts with intent to impair, or with recklessness as to impairing, operation of computer, etc.
- 3.10.2 Unauthorised access to computer material could include using another person's identifier (ID) and password without proper authority in order to use data or a program, or to alter, delete copy or move a program or data.
- 3.10.3 Unauthorised access with intent to commit or facilitate commission of further offences could include gaining unauthorised access to financial or administrative records with intent.

3.10.4 Unauthorised acts with intent to impair, or with recklessness as to impairing the operation of computer, could include: destroying another user's files; modifying system files; creation of a virus; changing clinical records; and deliberately generating information to cause a complete system malfunction.

3.10.5 The fraudulent use of information technology will be reported by the Head of Information Security (or equivalent) to the LCFS.

## 4 The response plan

### 4.1 Bribery and Corruption

4.2.5 A guide has been included in the appendix of this policy (Annex A), to provide a reminder of the key contacts and a checklist of the actions to follow if fraud, bribery and/or corruption, is discovered or suspected. Managers are encouraged to copy this to staff and to place it on staff notice boards.

4.2.6 All reports of fraud, bribery and corruption, however they are reported, will be taken seriously and thoroughly investigated in accordance with NHS Protect guidance and relevant legislation.

### 4.3 Sanction and redress

4.3.1 Where an objective investigation has found that fraud, bribery and corruption is present the organisation will seek to apply appropriate sanctions. This may include:

- **Criminal Prosecution** - The LCFS will work in partnership with NHS Protect, the Police and/or the Crown Prosecution Service to bring a case to court against the alleged offender.
- **Disciplinary** – Disciplinary procedures will be initiated where an employee is suspected of being involved in a fraudulent/illegal act. Fraud is defined in the Yeovil District Hospital NHS Foundation Trust as gross misconduct. The disciplinary policy can be found on the Yeovil District Hospital NHS Foundation Trust intranet site.
- **Civil proceedings** – Civil sanction will be applied against those who commit fraud, bribery and corruption to recover money and/or assets which have been fraudulently obtained, including interest and costs.
- **Professional body disciplinary** – If the organisation is aware during the course of an investigation that a Healthcare Professional is involved in fraud, bribery or corruption, there is a risk to patient safety or there is a significant risk to public funds a referral to the appropriate regulatory body will be made to consider whether fitness to practice procedures should be evoked.

## 5 Review

### 5.1 Monitoring and auditing of policy effectiveness

5.1.1 Yeovil District Hospital NHS Foundation Trust and the LCFS will monitor the effectiveness of this policy to ensure that it remains appropriate and continues to provide clear direction and help to those officers and directors of Yeovil District Hospital NHS Foundation Trust who become aware of fraud, bribery or corruption against the NHS.
